The answers to the quiz are listed below.

42

7

3.14

2024

Votes were counted in these years:

1999. The first election was held under the new rules in that year.

2004. A second election followed with higher turnout than before.

- A dash-led sentence that is not a list item at all.

- Another dash-led sentence directly under it.

Normal closing paragraph text goes here and ends properly.
